

SAS+ Accompaniment Partnerships (2021-2024)

Country office transition

Organizational capacity

Strategy on local leadership

Strategy on transitions

Partner

SAS+ Support

2024

The Carter Center and Sawabenu

The Carter Center is supporting the development and sustainability of Sawabenu, a new local Liberian organization stemming from the Center's Rule of Law program. SAS+ is supporting the transition process impacting the team once the award is over in 2 years.

2022-24

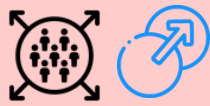

HelpAge International

We supported 13 country office transitions and provided support for their organizational strategy related to transitions. The majority of the support provided revolved around securing financial sustainability for the transitioned country offices.

2022-24

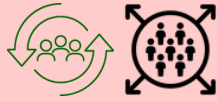

Peace Action for Rapid and Transformative Nigerian Early Response (PARTNER) Activity

SAS+ has supported the PARTNER activity, funded by USAID/Nigeria, from the beginning of the Transition Award. We have provided support to their Organizational Capacity Assessment process, facilitated Transition Workshops, and co-developed their Transition Plan. We are currently supporting the implementation of the Transition Plan.

2021-24

Nuru Nigeria

We supported Nuru Nigeria's transition from Nuru International, which included support on their organizational capacity, fundraising, and post-transition relationship with Nuru International to support their sustainability.

2023-24

ChildFund New Zealand

We have been working with a team within ChildFund NZ that is implementing transitions within a select group of programs. We have reviewed and provided feedback on their strategy and guidance tools that lead their transition processes.

2023-

Elva (West Africa)

SAS+ supported Elva in developing their transition vision and end goal of the transition.

2022-

WeRobotics

We supported WeR's transition strategy and budget development. We may also join a network-wide meeting to share lessons and think strategically about how to engage with the wider network in the long-term.

2022-23

Creative Associates International

SAS+ has been in conversation with CAI on how to incorporate transition planning into its programs and strategies. We hosted a brown bag workshop with the entire Creative Team on SAS+ tools and USAID's Locally Led Checklist and Tool to help inform their activity planning.

2021

Danish Refugee Council

DRC is in the process of developing an organizational strategy on transitions, which will be piloted in 3 country offices. We supported DRC's thinking on transitions through resource sharing, an interview on transitions, and providing thought partnership on their strategy process and development.

2021

USAID/DR

The SAS+ team supported the development of USAID's Localization Strategy in the Dominican Republic.
